

# SUPPORTING NEURODIVERSITY IN THE CLASSROOM

For schools & professionals

FREE

## Spring term upcoming webinars...

*Led by SEN specialist school practitioners, this series of webinars aims to give school staff and other professionals a better understanding of the children they work with and provide strategies to help and support in the classroom and beyond.*

*Our webinars are a blend of theory, personal experience and practical strategies with the opportunity to ask questions.*

**Tuesday 16th January 4pm-5.15pm**

### **SUPPORTING OUR AUTISTIC AND ADHD LEARNERS**

This webinar explores the strengths and challenges experienced by Autistic and ADHD learners in a classroom environment. Research based strategies and approaches that have been tried and tested in the classroom will be shared and discussed.

*Presented by Sarah Wilkinson, Deputy Head & SENDCo, West Kirby School*

**Tuesday 30th January 4-5.15pm**

### **CREATING A PDA FRIENDLY CLASSROOM ENVIRONMENT**

This webinar explores how language, strategies and the environment can be instrumental in reducing anxiety for learners with a PDA profile.

*Presented by Elliot Cox, PDA Specialist Practitioner, West Kirby School*

**Tuesday 13th February 4-5.15pm**

### **SLEEP BETTER**

This webinar will explore the importance of sleep for our children and the challenges faced by parents & carers. We will share environmental, practical and sensory considerations to improve sleep quality.

*Delivered by Elley Kirkham, Pastoral Care Team, West Kirby School  
& Sleep Practitioner, trained by The Sleep Charity*
